

2018-2019 Georgia Figure Skating Club Board Nominees

Katrina Cash

My name is Katrina Cash and my daughter's name is Kayla. She has been skating at the Ice Forum in Duluth for the last seven years and we have been part of the Georgia Figure Skating Club for the last five years.

I live in Suwanee with my husband Keith. We have two older kids, currently in college. Heather which attends Liberty University and Nicholas which attends UGA.

I have been employed with Millennium Mat Company for the last 13 years. I am the Customer Service Manager overseeing the accounting department and customer service department.

In my spare time I can usually be found at the rink. I look out for new comers to the rink who attend the skating academy and I promote the Georgia figure skating club. I currently have taking over the project of the Georgia Figure Skating Club board out front in the lobby and I currently scheduled events for the club at the rink. I think I would add value to the board and promote growth to the club.

Sinead Cochran

My name is Sinead Cochran, and I am from Newfoundland, Canada but have been a resident of Marietta, Georgia since January of 1998. I was a competitive figure skater from the age of 5 till I went to university at 18. I won several provincial competitions after which I continued to coach on the beginner level. In 1995 I graduated from nursing school and currently work as needed in the Marietta City School system as a School Nurse.

I am the proud mother of 2 daughters, Keara-14, and Isabel-12. Both girls became members of the Georgia Figure Skating club last summer. Keara has since decided that she no longer wanted to skate however Isabel continues to love it and only wants to skate more and more every day. She is currently skating at a high beginner level with Jessica Fuchs and Tim Dolensky as her coaches.

I have volunteered in many different aspects since my girls have been born. I was Vice president of the PTA in 2009-2010 and secretary of the PTA in 2011-2013. With both my love of the sport and my extensive volunteer experience I think I'd be a great asset to the board of directors to the Georgia Figure Skating Club

Lindsay McDaniel

Hello, my name is Lindsay McDaniel and I am interested in being a member of the GAFSC board. I grew up skating in North Dakota where I was a member of the Lake Region Figure Skating Club. My dad really wanted me to play hockey but I insisted my first pair of skates would be white with the pretty blue furry insides. I have lots of great memories as a kid growing up around the ice. After high school I stepped away from skating and concentrated on earning my degree, graduating from NDSU with a Doctorate of Pharmacy in 2005. I have worked as a pharmacist for CVS Pharmacy the last 12 years. In 2011 I first brought my daughter Emily to the Town Center Ice Forum. She joined the Learn to Skate classes and came to love skating herself. Both of my sons have played hockey at Town Center as well, in the house mite league and cross ice. I'm interested in being on the board to be more involved in a sport my daughter and I are passionate about and being able to spend time together.

Nadia Prata

Nadia was raised in Montreal, Canada and has loved Georgia for the past 4 years. She figure skated until university and has received her gold medal in Ice Dance and competed internationally in synchronized skating. When Nadia is not homeschooling her children or driving them to soccer, tennis, swimming, volleyball or skating she enjoys reading, cooking and gardening.

Marti Roveda

Marti Roveda is a former youth figure skater who recently found her passion again as an adult competitive skater. Through volunteerism and her career, Marti has supported many non-profit organizations including her present community HOA, Rotary, and several community development organizations. This provides her with a strong understanding of non-profit board management and leadership. She is eager to bring this expertise and passion to the benefit of the Georgia Figure Skating Club.

Patrick Shields (better known as Ana's Dad)

Suzi and I have been rink parents for 6 years, and became GaFSC members about 3 years ago. The more I learn about the organization the more I see the role it can play in each skater's development. Whether the skater is on a competitive or a recreational path it's critical to maintain a balance between athletic development (on and off ice), respect for the sport's guiding principles, and fun.

Our membership includes skaters from many disciplines - whatever the individual emphasis, this remains an "all-in" sport requiring a big commitment from each athlete, each coach, and (for non-adult skaters) parents. This sport is also nothing if not complicated and GaFSC can help
